**PROXY STATEMENT
FOR THE
ANNUAL MEETING OF SHAREHOLDERS
OF
SKYWEST, INC.**

TUESDAY, MAY 5, 2020

OVERVIEW

Solicitation

This Proxy Statement, the accompanying Notice of Annual Meeting, proxy card and the Annual Report to Shareholders of SkyWest, Inc. (the “*Company*” or “*SkyWest*”) are being mailed on or about March 26, 2020. The Board of Directors of the Company (the “*Board*”) is soliciting your proxy to vote your shares at the Annual Meeting of the Company’s Shareholders to be held on May 5, 2020 (the “*Meeting*”). The Board is soliciting your proxy in an effort to give all shareholders of record the opportunity to vote on matters that will be presented at the Meeting. This Proxy Statement provides information to assist you in voting your shares.

What is a proxy?

A proxy is your legal designation of another person to vote on your behalf. You are giving the individuals appointed by the Board as proxies (Jerry C. Atkin, Russell A. Childs and Robert J. Simmons) the authority to vote your shares in the manner you indicate.

Why did I receive more than one notice?

You may receive multiple notices if you hold your shares in different ways (e.g., joint tenancy, trusts, or custodial accounts) or in multiple accounts. If your shares are held by a broker (i.e., in “street name”), you will receive your notice or other voting information from your broker. In any case, you should vote for each notice you receive.

Voting Information

Who is qualified to vote?

You are qualified to receive notice of and to vote at the Meeting if you owned shares of common stock of SkyWest (the “*Common Stock*”) at the close of business on the record date of Wednesday, March 4, 2020.

How many shares of Common Stock may vote at the Meeting?

As of March 4, 2020, there were 50,257,387 shares of Common Stock outstanding and entitled to vote. Each share of Common Stock is entitled to one vote on each matter presented at the Meeting.

What is the difference between a “shareholder of record” and a “street name” holder?

If your shares are registered directly in your name with Zions First National Bank, the Company’s transfer agent, you are a “shareholder of record.” If your shares are held in the name of a brokerage, bank, trust or other nominee as a custodian, you are a “street name” holder.

How can I vote at the Meeting?

You may vote in person by attending the Meeting. You may also vote in advance over the Internet, or by telephone, or you may request a complete set of traditional proxy materials and vote your proxy by mail. To vote your proxy using the Internet or telephone, see the instructions on the proxy form and have the proxy form available when you access the Internet website or place your telephone call. To vote your proxy by mail, mark your vote on the enclosed proxy card, then follow the instructions on the card.

What are the Board's recommendations on how I should vote my shares?

The Board recommends that you vote your shares as follows:

Proposal 1—**FOR** the election of all ten nominees for director.

Proposal 2—**FOR** the non-binding resolution to approve the compensation of the Company's named executive officers.

Proposal 3—**FOR** the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the year ending December 31, 2020.

What are my choices when voting?

Proposal 1—You may cast your vote in favor of up to ten individual director-nominees. You may vote for less than ten director-nominees if you choose. You may also abstain from voting.

Proposals 2 and 3—You may cast your vote in favor of, or against, each proposal. You may also abstain from voting.

How will my shares be voted if I do not specify how they should be voted?

If you execute the enclosed proxy card without indicating how you want your shares to be voted, the proxies appointed by the Board will vote as recommended by the Board and described previously in this section.

Similarly, shares represented by proxies that reflect a "*broker non-vote*" will be counted for purposes of determining whether a quorum exists. A broker non-vote occurs when a broker, bank or other financial institution holding shares in street name for a beneficial owner has not received instructions from the beneficial owner and does not have discretionary authority to vote the shares for a particular proposal. Under the rules of various national and regional securities exchanges, the organization that holds your shares in street name has discretionary authority to vote only on routine matters and cannot vote on non-routine matters. The only proposal at the meeting that is considered a routine matter under applicable rules is the proposal to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the year ending December 31, 2020. Therefore, unless you provide voting instructions to the broker, bank or other financial institution holding shares on your behalf, they will not have discretionary authority to vote your shares on any of the other proposals described in this proxy statement. Please vote your proxy or provide voting instructions to the broker, bank or other financial institution holding your shares so your vote on the other proposals will be counted.

What is the quorum requirement for the Annual Meeting?

Under Utah law and the Company's Bylaws, the holders of a majority of the votes entitled to be cast on the matter constitutes a quorum. Therefore, the holders of a majority of the Common Stock issued and outstanding and entitled to vote at the Meeting, present in person or represented by proxy, constitute a quorum for the transaction of business at the Meeting. If you submit a properly executed proxy via the Internet or by telephone or mail, regardless of whether you abstain from voting on one or more matters, your shares will be counted as present at the Meeting for the purpose of determining a quorum. Broker non-votes will also be counted as present for the purpose of determining the presence of a quorum at the Meeting. The inspectors of election will determine whether a quorum is present and will tabulate the votes cast at the Meeting.

What vote will be required to approve each proposal?

Proposal 1 provides that, assuming a quorum is present at the Meeting, the ten director-nominees who receive a majority of the votes cast with respect to his or her election will be elected as directors of the Company. This means that the number of shares voted "for" the election of a director must exceed the number of shares voted "against" the election of that director.

Proposals 2 and 3 will be approved if, assuming a quorum is present at the Meeting, the number of votes cast, in person or by proxy, in favor of a particular proposal exceeds the number of votes cast in opposition to the proposal. Proposal 2 is an advisory vote only, and has no binding effect on the Board or the Company.

How will withheld votes, abstentions and broker non-votes be treated?

Withheld votes, abstentions and broker non-votes will be deemed as "present" at the Meeting and will be counted for quorum purposes only. Withheld votes, abstentions and broker non-votes, if any, will not count as a vote cast as to any director-nominee's election and thus will have no effect in determining whether a director nominee has received a majority of the votes cast. For purposes of the votes on Proposals No. 2 and No. 3, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the votes on such proposals.

Can I change my vote?

You may revoke your proxy before the time of voting at the Meeting in any of the following ways:

- by mailing a revised proxy card to the Chief Financial Officer of the Company;
- by changing your vote on the Internet website;
- by using the telephone voting procedures; or
- by voting in person at the Meeting.

Who will count the votes?

Representatives from Zions First National Bank, the Company's transfer agent, or other individuals designated by the Board, will count the votes and serve as inspectors of election. The inspectors of election will be present at the Meeting.

Who will pay the cost of this proxy solicitation?

The Company will pay the costs of soliciting proxies. Upon request, the Company will reimburse brokers, dealers, banks and trustees, or their nominees, for reasonable expenses incurred by them in forwarding proxy materials to beneficial owners of shares of the Common Stock.

Is this Proxy Statement the only way proxies are being solicited for use at the Meeting?

Yes. The Company does not intend to employ any other methods of solicitation.

How are proxy materials being delivered?

The Company is pleased to take advantage of Securities and Exchange Commission rules that allow companies to furnish their proxy materials over the Internet. As a result, the Company is mailing to most of its shareholders a Notice of Internet Availability of Proxy Materials (the “*Notice*”) instead of a paper copy of this Proxy Statement and the Company’s 2019 Annual Report to Shareholders. The Notice contains instructions on how to access those documents over the Internet. The Notice also contains instructions on how to request a paper copy of the Company’s proxy materials, including this Proxy Statement, the 2019 Annual Report to Shareholders and a form of proxy card or voting instruction card. All shareholders who do not receive a Notice will receive a paper copy of the proxy materials by mail. The Company believes this process will allow it to provide its shareholders with the information they need in a more efficient manner, while reducing the environmental impact and lowering the costs of printing and distributing these proxy materials.

PROPOSAL 1

ELECTION OF DIRECTORS

The Board currently consists of ten directors. All directors serve a one-year term and are subject to re-election each year. The terms of all of the Company's current directors expire at the Meeting. At the Meeting, the Company proposes to elect the ten current directors to hold office until the 2021 Annual Meeting of Shareholders and until their successors have been elected and have qualified. The ten nominees for election at the Meeting are listed below.

The Board and the Nominating and Corporate Governance Committee believe that each of the following nominees possesses the experience and qualifications that directors of the Company should possess, as described in detail below, and that the experience and qualifications of each nominee compliments the experience and qualifications of the other nominees. The experience and qualifications of each nominee, including information regarding the specific experience, qualifications, attributes and skills that led the Board and its Nominating and Corporate Governance Committee to conclude that he or she should serve as a director of the Company at the present time, in light of the Company's business and structure, are set forth on the following pages.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines and periodically reviews and ratifies those guidelines, including most recently on February 4, 2020. The Corporate Governance Guidelines can be accessed at the Company's website, inc.skywest.com. The Corporate Governance Guidelines supplement the Company's Bylaws and the charters of the Board's committees. Excerpts from the principal sections of the Company's Corporate Governance Guidelines are noted below.

Director Independence

At a minimum, the Board will have a majority of directors who meet the criteria for independence as required by The Nasdaq Global Select Market.

Director Qualifications

Criteria for Membership

The Company's Nominating and Corporate Governance Committee is responsible for annually reviewing with the Board the desired skills and characteristics of directors, as well as the composition of the Board as a whole.

Terms and Limitations

All directors currently stand for election each year. The Board does not believe it should establish a limit on the number of times that a director may stand for election.

Retirement

Directors are required to submit their resignation from the Board when their term expires upon reaching the age of 75 years old. The Board will accept the resignation unless the Nominating and Corporate Governance Committee recommends otherwise. Directors generally will not be nominated for election following their 75th birthday.

Ownership of Company Stock

Directors are required to own shares of Common Stock having a value equal to at least five times the cash component of their annual base compensation.

Director Responsibilities

General Responsibilities

The basic responsibility of directors is to exercise their business judgment to act in what they reasonably believe to be in the best interests of the Company and its shareholders.

Oversight of Management

The Board is responsible for encouraging the Company's management to effectively implement policies and strategies developed by the Board, and to provide dynamic leadership of the Company.

Board Meetings and Materials

Frequency of Meetings

The Board has four regularly scheduled in person meetings per year. As determined necessary by the Board and in order to address the Company's needs, special meetings of the Board, including telephonic meetings, are convened from time to time.

Meeting Responsibilities

Absent extraordinary circumstances, directors of the Company should attend all Board meetings, meetings of the committee(s) on which they serve and shareholder meetings. The Board Chair is responsible for establishing the agenda for each Board meeting. Each director is free to suggest the inclusion of items on the agenda and to raise at any Board meeting subjects that are not on the agenda for that meeting.

Executive Sessions of Independent Directors

The Company's independent directors meet in executive session regularly, generally quarterly. The independent directors may either choose one director annually to serve as the Lead Independent Director and to preside at all executive sessions or establish a procedure by which a Lead Independent Director will be selected. The independent directors of the Company have chosen Mr. Udvar-Hazy to serve as the Lead Independent Director.

Director Compensation

The form and amount of director compensation is determined by the Board based on general principles established on the Nominating and Corporate Governance Committee's recommendation. These principles are in accordance with the policies and principles set forth in the Nominating and Corporate Governance Committee's charter.

and are intended to be consistent with rules established by The Nasdaq Global Select Market, including those relating to director independence and to compensation of Audit Committee members.

CEO Evaluation and Management Succession

The Nominating and Corporate Governance Committee conducts an annual review to assess the performance of the Company's CEO. The Nominating and Corporate Governance Committee communicates the results of its review to the other directors in a meeting that is not attended by the CEO. The directors of the Company, excluding the CEO, review the Nominating and Corporate Governance Committee's report to assess the CEO's leadership in the long and short-term, as well as the Company's long-term succession plans.

Annual Evaluations

The Board conducts an annual evaluation to determine if the Board and its committees are functioning effectively. The Nominating and Corporate Governance Committee solicits comments from all of the Company's directors and reports annually to the Board with an assessment of the Board's performance. Each of the Board's standing committees conducts an annual evaluation to assess the performance of the applicable committee.

Review and Access to Guidelines

The Nominating and Corporate Governance Committee reviews the Company's Corporate Governance Guidelines at least annually, then, as it deems appropriate, recommends amendments to the Board.

Board Leadership Structure and Director Independence

Although the Board does not have a formal policy as to whether the roles of Board Chair and CEO should be combined or separated, from 1991 until January 2016, Jerry C. Atkin served as both Board Chair and CEO of the Company. In January 2016, the Board appointed Russell A. Childs to serve as the CEO of the Company, which resulted in the separation of the roles of Board Chair and CEO. Currently, Mr. Atkin serves as Board Chair and Mr. Childs serves as the CEO. The Board believes that such separation allows Mr. Childs to focus his time and energy on managing the Company's business on a day-to-day basis, while also leveraging Mr. Atkin's background with the Company, perspective and vast experience in the aviation industry as he devotes his time and attention to matters of Board oversight. Accordingly, the Board has determined that the Company's Board leadership structure is the most appropriate at this time, given the specific characteristics and circumstances of the Company, and the unique skills and experience of each of Mr. Atkin and Mr. Childs.

The Company is committed to independent Board oversight. Pursuant to the Company's Corporate Governance Guidelines, all of the Company's directors (other than Messrs. Atkin and Childs) meet the standards of independence applicable to the Company, and the Board has designated Steven F. Udvar-Hazy as Lead Independent Director. As Lead Independent Director, Mr. Udvar-Hazy is empowered to prepare agendas for and conduct meetings of the non-management directors, communicate with the Board Chair, disseminate information to the Board, and raise issues with management on behalf of the independent directors when appropriate. The Board's independent oversight function is enhanced by the fact that the Audit, Compensation, Nominating and Corporate Governance and Safety and Compliance Committees are comprised entirely of independent directors.

The Board believes no single leadership model is right for all companies at all times. The Board recognizes that, depending on the circumstances, other leadership models may be appropriate. The independent directors and the Nominating and Corporate Governance Committee regularly review the Company's leadership structure and, depending on the Company's needs and the available resources, the Board may modify the Company's existing leadership structure.

Communications with the Board

Shareholders and other interested parties may communicate with one or more directors or the non-management directors as a group in writing by regular mail. The following address may be used by those who wish to send such communications by regular mail:

We also believe good governance is a source of competitive advantage. Our Board of Directors, which is responsible for the control and direction of the Company and governed by a Code of Ethics, represents and is accountable to our

shareholders. Our corporate governance policies are designed both for compliance and to drive effective use of the collective skills and experience of our directors, officers and employees for ethical, responsible, and superior performance. In addition to our overall dedication to ethical and accountable business practices, our corporate sustainability efforts include the areas of environmental and social sustainability. We take social and environmental responsibility and sustainability seriously.

Environmental Sustainability

As the largest regional airline in the United States, we remain committed to lowering our environmental footprint while continuing to offer the best service to our customers and the communities we serve. Through the use of software and training, we heavily monitor and manage our fuel trends and fuel consumption which leads to better fuel conservation and reductions in emissions. When possible, we try to mitigate the use of fuel, including by taxiing with the use of a single engine, taking steps to improve the efficiency of aircraft routing and using ground power when the plane is parked at the gate. We participate with our major airline partners in recycling programs, and we have implemented recycling initiatives in our facilities to reduce the amount of paper, plastic and other recyclables going to landfills. We have worked aggressively to reduce our reliance on paper manuals and have converted, or are in the process of converting, our manuals and our maintenance logs into electronic form, further eliminating unnecessary waste while increasing efficiencies.

Social Sustainability

We are a dedicated people-first organization, providing various avenues to enhance the quality of life for our customers, employees and communities. We know that if we take good care of our employees, they will take good care of our customers, which will result in value returned to our shareholders. We maintain an employee scholarship program, which awards annual scholarships to employees and their family members to help them in their pursuits of higher education. We are committed to creating a diverse and inclusive workforce, empowering professional growth and development and investing in our employees' health, emotional and financial wellness. Additionally, we are dedicated to protecting our customers by providing employee training programs focused on, among other topics, safety, fuel conservation, diversity, and procedures for identifying and reporting human trafficking. We continue to seek to increase diversity in the workplace, including by participating in and sponsoring several recruitment and industry events. During 2019, such events included those organized by such organizations as Women in Aviation, Girls in Aviation, National Gay Pilots Association, Organization of Black Aerospace Professionals, Military Organizations, among others.

Policies Against Hedging and Pledging of Company Stock

Pursuant to the Company's Code of Ethics, in order to avoid the appearance that any Company employee is trading on inside information, Company officers and directors are prohibited from engaging in speculative trading such as short sales or trading in puts, calls, or other options on our stock or the stock of our affiliates, and are likewise prohibited from purchasing or using, directly or indirectly, financial instruments that are designed to hedge or offset any decrease in the market value of our securities.

In addition, the Company's insider trading policy expressly prohibits all directors, officers and employees from purchasing or using, directly or indirectly, financial instruments that are designed to hedge or offset any decrease in the market value of the Company's securities. Pledging the Company's securities as collateral to secure loans is also prohibited.

Risk Oversight

The Board and its committees are involved in overseeing risk associated with the Company and its operations. The Board and the Audit Committee monitor the Company's credit risk, liquidity risk, regulatory risk, operational risk

and enterprise risk by regular reviews with management and internal and external auditors and other advisors. In its periodic meetings with the internal auditors and the Company's independent accountants, the Audit Committee discusses the scope and plan for the internal audit and includes management in its review of accounting and financial controls, assessment of business risks, legal and ethical compliance programs and related-party transactions. The Board and the Nominating and Corporate Governance Committee monitor the Company's governance and succession risk by regular review with management and outside advisors. The Board and the Compensation Committee monitor CEO succession and the Company's compensation policies and related risks by regular reviews with management and the Compensation Committee's outside advisors. The Board and the Safety and Compliance Committee monitor management's administration of airline flight operations safety and compliance with safety regulations.

Whistleblower Hotline

The Company has established a whistleblower hotline that enables employees, customers, suppliers and shareholders of the Company and its subsidiaries, as well as other interested parties, to submit confidential and anonymous reports of suspected or actual violations of the Code of Ethics.

MEETINGS AND COMMITTEES OF THE BOARD

The Board

Each director is expected to devote sufficient time, energy and attention to ensure diligent performance of his or her duties and to attend all Board, committee and shareholders' meetings. Nomination Process

The policy of the Nominating and Corporate Governance Committee is to consider properly submitted shareholder recommendations for candidates to serve as directors of the Company. In evaluating those recommendations, the Nominating and Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board and to address the membership criteria described below. Any shareholder wishing to recommend a candidate for consideration by the Nominating and Corporate Governance Committee should submit a recommendation in writing indicating the candidate's qualifications and other relevant biographical information and provide confirmation of the candidate's consent to serve as a director. This information should be addressed to Jerry C. Atkin, Board Chair of the Company, 444 South River Road, St. George, Utah 84790.

As contemplated by the Company's Corporate Governance Guidelines, the Nominating and Corporate Governance Committee reviews the appropriate skills and characteristics required of directors in the context of the current composition of the Board at least annually. There is currently no set of specific minimum qualifications that must be met by a nominee recommended by the Nominating and Corporate Governance Committee, as different factors may assume greater or lesser significance at particular times and the needs of the Board may vary in light of its composition and the Nominating and Corporate Governance Committee's perceptions about future issues and needs. Among the factors the Nominating and Corporate Governance Committee considers, which are outlined in the Corporate Governance Guidelines, are independence, diversity, age, skills, integrity and moral responsibility, policy-making experience, ability to work constructively with the Company's management and directors, capacity to evaluate strategy and reach sound conclusions, availability of time and awareness of the social, political and economic environment.

In addition, board diversity is considered broadly, not merely with regard to race, gender, or national origin, but also with regard to general background, geographical location, and other factors. The Board believes that ethnic, gender and cultural diversity among its members provides value and is important. In considering a potential new candidate, the Board considers whether the candidate would increase the Board's ethnic, gender or cultural diversity. The consideration of diversity permeates all discussions of the Nominating and Corporate Governance Committee. Additionally on an annual basis, as part of the Board's self-evaluation process, the Board assesses whether the mix and diversity of board members is appropriate.

The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating director nominees. The Nominating and Corporate Governance Committee assesses the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee considers various potential candidates for director. Candidates may come to the attention of the Nominating and Corporate Governance Committee through various means, including current directors, professional search firms, shareholder recommendations or other referrals. Candidates are evaluated at meetings of the Nominating and Corporate Governance Committee, and may be considered at any point during the year. All director-nominee recommendations which are properly submitted to the Nominating and Corporate Governance Committee are aggregated and considered by the Nominating and Corporate Governance Committee at a meeting prior to the issuance of the proxy statement for the next annual meeting of shareholders. Any materials provided by a shareholder in connection with the recommendation of a director candidate are forwarded to the Nominating and Corporate Governance Committee, which considers the recommended candidate in light of the director qualifications discussed above. The Nominating and Corporate Governance Committee also reviews materials provided by professional search firms, if applicable, or other parties in connection with a candidate who is not proposed by a shareholder. In evaluating such recommendations, the Nominating and Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board. The Nominating and Corporate Governance Committee has, on occasion, engaged professional search firms to assist in identifying qualified candidates for Board service. When such firms have been engaged, the Nominating and Corporate Governance Committee has utilized their services principally for the purpose of identifying and screening potential candidates and conducting background research; however, the members of the Nominating and Corporate Governance Committee, as well as other

directors of the Company, have conducted interviews with prospective candidates and have performed other functions in completing the nomination process.

COMPENSATION DISCUSSION AND ANALYSIS

The following compensation discussion and analysis provides information regarding the Company's executive compensation objectives, principles, practices and decisions as they relate to the following named executive officers of the Company (the "*Named Executives*") for 2019:

- Russell A. Childs, CEO and President of the Company and its operating subsidiary, SkyWest Airlines (the "*Chief Executive*");
- Robert J. Simmons, Chief Financial Officer of the Company and its operating subsidiary, SkyWest Airlines;
- Wade J. Steel, Chief Commercial Officer of the Company and its operating subsidiary, SkyWest Airlines;
- Michael B. Thompson, Chief Operating Officer of SkyWest Airlines;
- Eric J. Woodward, Chief Accounting Officer of the Company and its operating subsidiary, SkyWest Airlines; and
- Terry M. Vais, former Chief Operating Officer of ExpressJet Airlines, Inc. ("*ExpressJet*")

Mr. Vais separated from the Company on February 12, 2019. Mr. Vais was not granted any equity grants or cash incentives for his 2019 services. As a result, he is only included in the compensation discussion and analysis sections below to the extent applicable.

This compensation discussion and analysis provides narrative perspective to the tables and disclosure in the tables following this section.

Compensation Objectives and Principles

The overall objective of the Company's executive compensation programs is to create long-term value for the Company's shareholders by attracting and retaining talented executives that effectively manage the Company in a manner that is consistent with the long-term interest of shareholders.

Accordingly, the executive compensation program incorporates the following principles:

- The overall compensation package should encourage long-term focus and shareholder value creation;
- A significant amount of total compensation should be incentive based, and should correlate rewards with the Company's financial performance, as well as the achievement of operational objectives;
- Compensation should be competitive with other airlines in order to attract and retain talented executives;
- Compensation should be based upon individual responsibility, leadership ability and experience; and
- Compensation should not encourage the taking of undue risk that could cause material harm to the Company.

All of the Named Executives' total annual target compensation for 2019 was set below the median for total annual target compensation in our peer group, as further described below.

Current Year Accomplishments

SkyWest made great strides operationally and structurally in 2019, positioning itself for changes in the industry and future profitability by adding new aircraft with improved economics under Mr. Childs' leadership.

The Company's income before income taxes under generally accepted accounting principles in the United States ("GAAP") improved to \$446 million in 2019, from \$366 million in 2018. GAAP operating income improved to \$512 million in 2019, from \$474 million in 2018. These improvements reflected above-median performance against our compensation peer group. The improvements in 2019 were driven, in part, by the following accomplishments:

- The continued improvement in aircraft fleet mix can be summarized as follows:
 - Took delivery of ten new Embraer dual-class regional jet ("E175") aircraft and seven new CRJ900 aircraft under flying contracts that we believe will improve our profitability; and
 - Sold ExpressJet in January 2019, which removed 100 ERJ145 aircraft from service.
- The Company secured a multi-year flying contract extension on 38 CRJ700 aircraft with American.
- The Company secured a flying agreement with Delta for six used E175 aircraft that were operated a regional airline transitioning out of Delta Connection.
- The Company secured an agreement to lease 29 CRJ700 aircraft to a third-party for a ten-year term.
- The Company purchased 56 CRJ aircraft through early lease buyouts reducing the aircraft ownership cost and eliminating lease return cost obligations; and
- The Company's net income was \$340 million, or \$6.62 per diluted share for the 2019 year, compared to net income of \$280 million, or \$5.30 per diluted share for the 2018 year. The Company's adjusted net income for the 2019 year was \$321 million, or \$6.25 per diluted share, excluding the gain on the sale of ExpressJet and other special items recorded in 2019 (see Appendix A to the Proxy Statement for a reconciliation of Non-GAAP financial measures).

These accomplishments not only improved the Company's performance in 2019, but the Board believes the fleet and contract improvements position the Company well for the future.

Role of the Compensation Committee. The Compensation Committee has responsibility for establishing and monitoring the executive compensation programs and for making decisions regarding executive compensation. The Chief Executive regularly attends the Compensation Committee meetings, and the Compensation Committee also meets regularly in executive sessions. The Chief Executive is not present for deliberations by the Compensation Committee regarding his compensation. The Compensation Committee recommends the Chief Executive's compensation to the Board, which then reviews and approves the Committee's recommendation, unless the Committee is required to approve such compensation under applicable law. The Compensation Committee also considers the recommendations of the Chief Executive with respect to compensation of the other Named Executives, and after reviewing such recommendations, determines their compensation. The Compensation Committee also monitors, administers and approves awards under the various incentive compensation plans for all levels within the Company, including awards under the Company's annual cash incentive plan and 2019 Long-Term Incentive Plan (the "2019 Plan"). As permitted by

the 2019 Plan, the Compensation Committee has delegated its authority to the Chief Executive to approve interim awards under the 2019 Plan to non-executives on a limited basis between meetings of the Compensation Committee.

Role of Consultants. During 2018 and 2019, the Company and the Compensation Committee received advice from Frederic W. Cook & Co., Inc. (“F.W. Cook”) with respect to executive compensation practices within the airline and related transportation and logistics industries using data from the peer group listed below. The Company and the Compensation Committee retained F.W. Cook to advise on the amounts and forms of compensation awarded to Named Executives in 2018 and 2019. After conducting an evaluation using the factors established by the Securities and Exchange Commission and The Nasdaq Global Select Market, the Compensation Committee determined that F.W. Cook is independent and that there is no conflict of interest resulting from the engagement of F.W. Cook during 2019. The Compensation Committee has sole authority to hire and fire external compensation consultants.

Industry Compensation Data. The Compensation Committee evaluates data regarding the executive compensation programs of other air carriers, as well as other transportation and logistics companies, in order to determine the competitiveness of the Company’s executive compensation programs. The Compensation Committee performed such a review in November 2018 and again in November 2019, which included a review of the executive compensation levels and practices at peer companies where SkyWest approximates the median in enterprise value and market capitalization. The peer companies used in the November 2018 review for purposes of setting 2019 executive compensation were: Air Canada Inc., Alaska Air Group, Inc., Allegiant Travel Company, Atlas Air Worldwide Holdings, Inc., Genesee & Wyoming Inc., Hawaiian Holdings, Inc., Hub Group, Inc., J.B. Hunt Transport Services, Inc., JetBlue Airways Corporation, Kansas City Southern, Old Dominion Freight Line, Inc., Spirit Airlines, Inc., Werner Enterprises, Inc., WestJet Airlines Ltd., XPO Logistics, Inc. and YRC Worldwide Inc. The peer group was modified in November 2019 to remove XPO Logistics, Inc. because it was too large based on the metrics for selection, and it was replaced with Mesa Air Group, Inc., which the Compensation Committee determined was a relevant contract air carrier.

The Compensation Committee had the 2018 peer group data available when 2019 Named Executive compensation decisions were made at the start of the year and it had the 2019 compensation peer group data available when it approved cash incentive payouts for 2019.

Compensation Determination. The Compensation Committee relies on its judgment in making compensation decisions in addition to reviewing relevant information and results. When setting total compensation for each of the Named Executives, the Compensation Committee reviews tally sheets which show the Named Executive’s current compensation, including base pay, annual cash incentive objectives, long-term, equity-based compensation objectives, and deferred compensation retirement funding. The executive compensation procedures and the Compensation Committee assessment process take into account these tally sheets as well as the industry compensation data described above, company performance, the results of the most recent say-on-pay vote, performance expected in the current and upcoming years, and such other factors as the Compensation Committee determines are appropriate. The Compensation Committee has the sole discretion to award compensation and make adjustments to awards based on its review of relevant information and other unusual or non-recurring items.

The Company does not target specific pay levels and uses the peer company market data for context. The Company’s directors rely upon their judgment in making compensation decisions, after reviewing the factors described above. Competitive compensation paid by other companies is one of the many factors that the Company considers in assessing the reasonableness of compensation and the Company does not attempt to maintain a certain target percentile within a peer group. Nevertheless, the Committee set target total direct compensation below the median of similar positions in the peer group.

The Company strives to achieve an appropriate mix between long-term equity incentive awards and cash payments in order to meet its objectives. The Company’s mix of compensation elements is designed to reward recent

results, align compensation with shareholder interests and fairly compensate executives through a combination of cash and equity incentive awards.

Compensation Committee Consideration of Shareholder Advisory Vote. At the Company's Annual Meeting of Shareholders held in May 2019, the Company submitted the compensation of its named executive officers to the Company's shareholders in a non-binding vote. The Company's executive compensation program received the support of more than 97% of votes cast. The Compensation Committee considered the results of the 2019 vote and views the outcome as evidence of positive shareholder support of its executive compensation decisions and policies.

The Compensation Committee continued to refine the Company's executive compensation program for 2019 in an effort to better align the compensation packages of the Named Executives with the executive compensation programs of other regional carriers and major airlines. The Compensation Committee will continue to review the peer group data and future shareholder voting results, including the voting results with respect to "Proposal 2—Advisory Vote on Named Executive Compensation" described in this Proxy Statement, and determine whether to make any changes to the Company's executive compensation program in light of such data and voting results.

Elements of Compensation

The Company's executive compensation objectives and principles are implemented through the use of the following principal elements of compensation, each discussed more fully below:

- Salary
- Annual Cash Incentive
- Long-Term Incentive Awards
- Retirement and Other Benefits

The compensation components for each Named Executive for 2019 are more fully described in the following paragraphs.

Salary. Salary is provided with the objective of paying for the underlying role and responsibility associated with the Named Executive's position, which the Compensation Committee believes allows the Company to attract and retain qualified executives. The Named Executives' salaries are set at levels that the Compensation Committee believes are generally competitive with the compensation paid to officers in similar positions at other airlines. Salary adjustments are considered annually and influenced by growth of the Company's operations, individual performance, changes in responsibility, changes in cost of living, and other factors. Mr. Childs was provided a \$40,000 increase to his base salary for 2019 over his 2018 base salary. Mr. Simmons was provided a \$10,000 increase to his base salary for 2019 over his respective 2018 base salary. Mr. Steel was provided a \$20,000 increase to his base salary for 2019 over his respective 2018 base salary. Mr. Thompson was provided a \$5,000 increase to his base salary for 2019 over his respective 2018 base salary. Mr. Woodward was provided a \$6,000 increase to his base salary for 2019 over his respective 2018 base salary. The salaries of the Named Executives are set forth in the Summary Compensation Table immediately following this section. The salaries of all Named Executives in 2019 were below the median salary level of similar positions in our peer group.

Annual Cash Incentive. In an effort to encourage achievement of the Company's objectives, an annual performance-based cash incentive plan is maintained for the Named Executives. The combination of salary and annual cash incentives is intended to result in a cash compensation package for each Named Executive that, when performance objectives are met, falls within competitive market standards as determined by the Compensation Committee based on its

review of the peer group company data, as well as its understanding of other regional and major air carrier executive compensation programs. The review of market data in November 2019 showed that the 2019 total cash opportunity of the Named Executives, consisting of salary plus target cash incentive, and was below the median for all Named Executives when compared to the peer group competitive market data.

The purpose of the annual cash incentive program is to reward the Named Executives with an annual cash incentive in an amount that correlates (i) in part, to one or more financial objectives achieved for the year; and (ii) in part, to the achievement of one or more specific operational objectives during the year. The 2019 annual target incentive opportunity was 110% of salary for Mr. Childs, 80% of salary for Messrs. Simmons, Steel and Thompson and 60% of salary for Mr. Woodward, and their potential annual incentive was allocated by the Compensation Committee for the Named Executives between the applicable financial and operational objectives. The differing percentages for the Named Executives are due to differing entity level responsibilities.

2019 Corporate Performance Objectives. For 2019 annual incentive determination purposes, the Compensation Committee determined that pre-tax earnings would be the financial objective and that controllable completion and controllable on time departures would be the operational objectives. These are viewed as value drivers for shareholders that are also in the control of the executive team through their financial and operating decisions and leadership. In the case of Messrs. Childs, Simmons, Steel and Woodward, the applicable pre-tax earnings objective and controllable completion objective were based on the pre-tax earnings and controllable completion of the entire Company. This is because they are corporate level executives with Company-wide responsibility and accountability. Mr. Thompson's pre-tax earnings objective, controllable completion objective and controllable on time departure objective were set solely based on the SkyWest Airlines operating segment, since this is his area of responsibility and accountability.

- *2019 Financial Objective.* In setting the 2019 pre-tax earnings objective, the Compensation Committee considered both the planned 2019 budget, as well as the level of pre-tax earnings that would reflect strong performance and generate shareholder value. The pre-tax earnings objective was set to encourage continued focus on profitability and to facilitate the exchange of best practices between the Company's operating subsidiaries. The earnings goal was set above the median of trailing four quarter peer group earnings available at the time.
- *2019 Operational Objective.* A portion of the Named Executives' annual cash incentives is based on achievement of operating objectives established at the start of the year. The Compensation Committee believes the use of operating objectives allows for consideration of operating execution and achievements that may not be reflected by corporate financial performance. For 2019, the Compensation Committee determined that the operational objectives would be tied to both controllable completion and controllable on time departures. Controllable completion is the percentage of completed scheduled flights over which SkyWest Airlines had control, excluding cancelled flights due to uncontrollable factors such as weather. Controllable on time departures is the percentage of flights departing the gate at or before scheduled departure time over which SkyWest Airlines had control, excluding delayed flights due to uncontrollable factors such as weather.

The Compensation Committee established threshold, target and maximum objectives for each of the financial and operational objectives. At threshold performance achievement, the Named Executives were able to earn 50% of their target annual incentive, while the maximum performance allowed by the Named Executives to earn 200% of their target annual incentive.

At year-end, the Compensation Committee reviewed the actual pre-tax earnings and operating performance for the year and determined the extent to which the applicable objectives were met. The actual amount of the cash incentive

payment for each Named Executive is determined by the Compensation Committee based on the Company's and/or SkyWest Airlines' achievement of the foregoing objectives and the actual cash incentives paid for 2019 were based on the pre-established 2019 cash incentive formula, without application of discretion.

The table below includes the "threshold," "target" and "maximum" objectives assigned by the Compensation Committee for the corporate performance measures for 2019 and the 2019 performance relative to those objectives for the Named Executives (dollars in millions).

	2019 Annual Cash Incentive Objectives				Interpolated		Weighted

The Company's achieved pre-tax earnings of \$405.6 million for purposes of the 2019 annual incentive plan payouts included certain adjustments to GAAP pre-tax earnings, including items relating to the sale of ExpressJet, write-off of aircraft manufacturer parts credit, and other income items not included in the target setting process. The Compensation Committee believes these adjustments to GAAP pre-tax earnings lead to continued focus on long-term profitability and incentivize Named Executives to make beneficial long-term business decisions and will enhance the Company's long-term financial performance and ability to respond to its major airline partners' future needs.

If the Company's pre-tax earnings or operating objective achieved results were between two achievement levels, "threshold," "target" and "maximum", the earned achievement was determined by linear interpolation between the applicable achievement levels.

The corresponding annual cash incentive payments earned for each Named Executive based on performance during the year ended December 31, 2019, are set forth below.

	Target Annual Cash Incentive (% of Salary)	Target Annual Cash Incentive (\$)	Total Annual Cash Incentive Results (% of Target)	Total Annual Cash Incentive Results (\$)
Russell A. Childs	110.0 %	\$ 550,000	120.0 %	\$ 660,000

Amount of 2019 Performance-Based Annual Cash Incentive. The total annual performance-based cash incentive amounts earned by the Named Executives for 2019 are included in the amounts shown in the Summary Compensation Table below under the caption heading “Non-Equity Incentive Plan Compensation.”

Long-Term Incentive Awards. The Company grants discretionary long-term incentive awards, in the form of restricted stock units and performance shares to the Named Executives annually.

Long-term incentive awards are made to encourage the Named Executives to continue their engagement with the Company throughout the vesting periods of the awards and to align management and shareholder interests. In making awards to the Named Executives, the grant size and the appropriate mix of equity-based awards are considered. The Compensation Committee generally grants long-term incentive awards at its first meeting of each year. Long-term incentive awards generally vest only if the Named Executive remains employed by the Company for three years from the date of grant. The three-year cliff-vesting schedule for time-based restricted stock unit awards is to assist with retaining Named Executives and to encourage the Named Executives to focus on the Company’s long-term performance. Equity incentive awards granted during 2019, accelerate vesting under certain circumstances, as described in the section Potential Payments upon Termination or Change in Control.

*Amount and allocation of grant—*For 2019, the total annual targeted long-term incentive grant value was \$2,200,000 for Mr. Childs, \$775,000 for Mr. Simmons, \$775,000 for Mr. Steel, \$650,000 for Mr. Thompson and \$248,000 for Mr. Woodward. The Compensation Committee established these annual targeted amounts to provide a competitive target total compensation when combined with the salary and target bonus that was above the 25th percentile but below the median. The equity award is to ensure that a material portion of each Named Executive’s compensation was based on continuing long-term service and correlated to the creation of shareholder value. Each Named Executive’s 2019 long-term incentive award was allocated among the two types of long-term incentive awards as follows: restricted stock units and performance shares. The target value of 2019 equity compensation was generally below the median of the 2019 peer data reviewed by the Compensation Committee for all Named Executive Officer positions.

Restricted stock unit and performance share grants in 2019 were made pursuant to the Company’s 2010 Plan, as shown in greater detail below and in the table labeled “Grants of Plan Based Awards.”

The following table summarizes the number and nature of long-term incentive awards granted to the Named Executives by the Company in 2019.

	Time Vesting Awards	Performance Vesting Awards
	Number of Restricted Stock Units	“Target” Performance Shares (1)
Russell A. Childs	18,163	27,245
Robert J. Simmons	6,398	9,598
Wade J. Steel	6,398	9,598
Michael B. Thompson	5,366	8,050
Eric J. Woodward	2,047	3,071

(1) Number of performance shares if 100% of target is achieved, although the threshold earnout is 50% of target and the maximum earnout is 200% of target.

*Restricted Stock Units—*The Company granted restricted stock units to the Named Executives in 2019 under the 2010 Long-Term Incentive Plan (the “2010 Plan”). Restricted stock units comprised 40% of each Named Executive’s 2019 long-term incentive compensation. The restricted stock units awarded to a Named Executive entitle the Named Executive to receive a designated number of shares of Common Stock upon completion of a three-year vesting period, measured from the date of grant. Until the vesting date, the shares underlying the restricted stock units are not issued and outstanding. Accordingly, the Named Executive is not entitled to vote or receive dividends on the shares underlying his

restricted stock units unless and until those restricted stock units vest. The purpose of the restricted stock unit component is to support continued employment through volatile economic and stock market conditions, to manage dilution overhang, and to align officers' interests with maintaining shareholder value already created as well as future value creation. The Compensation Committee believes this approach mitigates the incentive for Named Executives to take unnecessary risks and helps retain the Named Executives' expertise through continued employment.

Performance Shares.

2019-2021 Performance Share Awards. The remaining component of each Named Executive's 2019 annual long-term incentive compensation was performance shares payable in Common Stock under the 2010 Plan. Performance share value comprised 60% of each Named Executive's 2019 long-term incentive compensation (target performance share value is stock price at grant multiplied by the shares earned if the objectives are achieved). The purpose of the performance share awards is to reward achievement of the three-year financial plan, which the Company believes will also support shareholder value achievement. Under each Named Executive's performance shares award, a number of performance shares will vest upon completion of a three-year performance period from the date of the grant (subject to the Named Executive's continued employment through the last day of the performance period), based on the achievement of certain corporate performance objectives.

For purposes of the performance share awards granted in 2019, which will be eligible to vest based on corporate performance during the three-year performance period ending December 31, 2021 (the "2019-2021 PSU Awards"), the Compensation Committee set three-year performance share objectives, based on cumulative three-year adjusted earnings before interest, taxes, depreciation and amortization ("EBITDA") per share, three-year average return on capital objectives and three-year average controllable completion. Under each Named Executive's performance share award, the performance shares are eligible to vest (and be settled in shares of Common Stock) upon completion of the three-year performance period (subject to the Named Executive's continued employment through the last day of the performance period), based on the level of EBITDA per share, adjusted return on invested capital and controllable completion actually attained in aggregate over the 2019 to 2021 calendar years. Until the vesting date, the shares underlying the performance shares are not issued and outstanding. Accordingly, the Named Executive is not entitled to vote or receive dividends on the shares underlying his performance shares unless and until those performance shares vest. For purposes of the 2019-2021 PSU Awards, return on invested capital for any calendar year is defined as the Company's adjusted operating income for such year divided by the Company's average invested capital for such calendar year.

The Compensation Committee's philosophy for setting performance share targets is to set target awards that reflect the three-year budget (the budget expectation is for a growth rate that is above the median), and maximum targets that will be difficult for the Named Executives to achieve on a consistent basis. For the 2019-2021 PSU Awards, the Compensation Committee established threshold, target and maximum performance levels for each of the three corporate performance objectives, with the actual number of performance shares that will vest to be adjusted in proportion to the extent to which the combined actual results varied from the target levels of performance. The performance shares are allocated 40% to the cumulative three-year EBITDA per share objective, 40% to the three-year average return on invested capital objective and 20% to the three-year average controllable completion in determining the actual awarded performance shares payable in Common Stock. Specifically, a number of performance shares attributable to each objective according to the weightings assigned by the Compensation Committee will be earned ranging from 50% (for threshold performance) to 100% (for target performance) to 200% (for maximum performance), with performance in between such levels determined by linear interpolation. If performance is below the threshold level for one or more of the objectives, no performance shares will be earned with respect to such objective(s).

The corporate objectives for the 2019-2021 PSU Awards for each Named Executive were based on the Company-wide performance, with no individual component or subsidiary-level objectives, in order to encourage teamwork and a collective focus on the creation of long-term value for the Company's shareholders. In determining the degree to which the corporate objectives have been attained, the Company's performance will be adjusted for unusual or non-recurring items.

Actual results for 2019-2021 PSU Awards are measured over the three-year performance period. Therefore, the degree to which performance shares granted in 2019 ultimately earned will not be determined until the conclusion of the 2021 calendar year.

2017-2019 Performance Shares.

For purposes of the performance share awards granted in 2017, which were eligible to vest based on corporate performance during the three-year performance period ending December 31, 2019 (the “2017-2019 PSU Awards”), the Compensation Committee set three-year performance share objectives, based on cumulative three-year adjusted pre-tax earnings and three-year average return on capital objectives. Under each Named Executive’s performance share award, the performance shares are eligible to vest (and be settled in shares of Common Stock) upon completion of a three-year performance period (subject to the Named Executive’s continued employment through the last day of the performance period), based on the level of adjusted pre-tax earnings and adjusted return on invested capital actually attained in aggregate over the 2017 to 2019 calendar years.

For the 2017-2019 PSU Awards, the Compensation Committee established threshold, target and maximum performance levels for each of the two corporate performance objectives, with the actual number of performance shares that will vest to be adjusted in proportion to the extent to which the combined actual results varied from the target levels of performance. The performance shares are allocated 60% to the cumulative three-year adjusted pre-tax earnings objective and 40% to the three-year average return on invested capital objective in determining the actual awarded performance shares payable in Common Stock. Specifically, a number of performance shares attributable to each objective according to the weightings assigned by the Compensation Committee were earned ranging from 50% (for threshold performance) to 100% (for target performance) to 200% (for maximum performance), with performance in between such levels determined by linear interpolation. If performance is below the threshold level for one or more of the objectives, no performance shares were earned with respect to such objective(s).

In February 2020, the Compensation Committee determined the Company’s achievement relative to the objectives previously established for the 2017-2019 PSU Awards as follows (see Appendix A to this proxy statement on page 58 for a reconciliation of certain 2019, 2018 and 2017 non-GAAP financial measures used to calculate the achievement levels described below for the most directly comparable financial measures prepared in accordance with GAAP):

	Threshold	Target	Maximum	Achieved Performance
Adjusted Pre-tax Income (\$ millions) (1)	\$ 804	\$ 892	\$ 981	\$ 1,076
Average Return on Invested Capital (2)	13.2 %	13.7 %	14.1 %	15.1 %

- (1) Adjusted pre-tax income for the three-year period ending December 31, 2019 was adjusted in 2019 for special items primarily associated with the sale of ExpressJet and the write-off of non-cash aircraft manufacturer part credits to settle future aircraft lease return obligations.
- (2) Represents the average return on invested capital for 2017, 2018 and 2019 using adjusted net income in 2019 for special items related to the sale of ExpressJet and the write-off of aircraft manufacturer part credits and for the Tax Cuts and Jobs Act benefit in 2017. For purposes of the 2017-2019 PSU Awards, return on invested capital for any calendar year was defined as the Company's adjusted operating income for such year divided by the Company's average invested capital for such calendar year.

As a result of the foregoing, in February 2020, the Named Executives vested in the maximum number of performance shares relative to the 2017-2019 PSU Awards, which was 200% of their target awards: Mr. Childs, 43,564

shares; Mr. Simmons, 21,782 shares; Mr. Steel, 20,106 shares; Mr. Thompson, 15,080 shares; and Mr. Woodward, 7,708 shares.

Long-Term Incentive Awards for 2020. The Compensation Committee did not make any significant changes for the 2020 long-term incentive awards from that of the 2019 long-term incentive awards.

No Employment and Severance Agreements

The Named Executives do not have employment, severance or change-in-control agreements, although the vesting of long-term equity incentive awards may accelerate under certain circumstances, as described below under “Elements of Compensation – Long-Term Incentive Awards.” The Named Executives serve at the will of the Board, which enables the Board to terminate the employment of any Named Executive with discretion as to the terms of any severance. This is consistent with the Company’s performance-based employment and compensation philosophy.

Acceleration of Long-Term Incentive Awards. With respect to long-term incentive awards granted to the Named Executives commencing in 2017, such awards will vest on an accelerated basis under certain circumstances.

Specifically, restricted stock unit awards granted to the Named Executives will vest on an accelerated basis (i) in the event of the Named Executive’s involuntary termination without cause or resignation for good reason, or (ii) in the event of the Named Executive’s death.

Performance share awards granted to the Named Executives will vest on an accelerated basis (i) in the event of the Named Executive’s death prior to a change in control, as to the “target” number of performance shares subject to the award on the date of death and as to any incremental performance shares above “target” based on the Company’s actual performance relative to the corporate performance objectives under such award at the end of the three-year performance period (or, if earlier, a change in control of the Company), (ii) in the event of the Named Executive’s death following a change in control, any “vesting eligible shares” (as described below) will vest upon the date of death, (iii) in the event of the Named Executive’s involuntary termination without cause or resignation for good reason, in each case prior to a change in control, the Named Executive will remain eligible to vest in such number of performance shares as ultimately vest based on the Company’s actual performance relative to the corporate performance objectives under such award at the end of the three-year performance period (or, if earlier, a change in control of the Company), which vesting will be prorated for the portion of the performance period that has elapsed prior to the date of termination, or (iv) in the event of the Named Executive’s involuntary termination without cause or resignation for good reason, in each case following a change in control, any vesting eligible shares will vest upon the date of such termination. For purposes of the performance shares, in the event of a change in control of the Company, the performance shares will be converted into a number of “vesting eligible shares” that will vest at the end of the three-year performance period based on the greater of (i) the “target” number of performance shares subject to the award, or (ii) the number of performance shares that would vest if performance had been measured against the corporate performance objectives as of the date of the change in control.

Retirement and Other Benefits.

The Company and SkyWest Airlines sponsor a 401(k) retirement plan for their eligible employees, including the Named Executives other than Mr. Vais. Prior to the sale of ExpressJet, ExpressJet also maintained a substantially equivalent 401(k) plan for its eligible employees, including Mr. Vais. Both plans are broad based, tax-qualified retirement plans under which eligible employees, including the Named Executives, may make annual pre-tax salary reduction contributions subject to the various limits imposed under the Internal Revenue Code of 1986, as amended (the “Code”). The sponsoring employers make matching contributions under the plans on behalf of eligible participants; however, the right of Named Executives and other officers to such matching contributions is limited. The Compensation

Committee believes that maintaining the 401(k) retirement plans and providing a means to save for retirement is an essential part of a competitive compensation package necessary to attract and retain talented executives.

The Company also maintains the SkyWest, Inc. 2002 Deferred Compensation Plan, a non-qualified deferred compensation plan for the benefit of officers and other highly compensated employees. All of the Named Executives other than Mr. Vais participate in the SkyWest, Inc. 2002 Deferred Compensation Plan. Prior to the sale of ExpressJet, ExpressJet also maintained a separate but similar non-qualified deferred compensation plan, the ExpressJet Executive Deferred Compensation Plan, for its highly compensated management employees, including Mr. Vais. Under both such deferred compensation plans (the “*Deferred Compensation Plans*”), the employer credits each Named Executive’s account with a discretionary employer contribution equal to 15% of salary and annual cash incentive. These amounts are included in the Summary Compensation Table under the column “All Other Compensation”. Additional information on the Deferred Compensation Plans is found in the section “Non-Qualified Deferred Compensation for 2018” below. The purpose of the Deferred Compensation Plans is to attract and retain executive talent by assisting with building retirement assets over the course of their career with the Company.

The SkyWest Inc. 2002 Deferred Compensation Plan (but not the ExpressJet Executive Deferred Compensation Plan) also permits eligible executives, including the Named Executives, to elect in advance of each calendar year to defer up to 100% of their cash salary and annual cash incentive compensation for the year. Only Mr. Simmons elected to defer any portion of his salary or annual cash incentive for 2019.

The Company and its subsidiaries do not maintain any defined benefit pension plans for the Named Executives.

Other Benefits.

In addition to the benefits described above, the Company provides certain other benefits to the Named Executives that the Compensation Committee believes are generally consistent with the benefits provided to senior executives of other airlines. The Compensation Committee believes that those benefits, which are detailed in the footnotes to the Summary Compensation Table applicable to the heading “All Other Compensation” below, are reasonable, competitive and consistent with overall executive compensation objectives. Those benefits consist primarily of employer-paid premiums on health, dental and eye insurance, a personal automobile allowance, and use of Company owned recreational equipment.

The Company and its subsidiaries also maintain a non-discriminatory, broad based program under which all full-time employees and their dependents, including the Named Executives and their dependents, may fly without charge on a space available basis on regularly scheduled flights of aircraft operated by the Company’s operating airline subsidiaries.

The Company has not agreed to provide its Named Executives with any gross-up or reimbursement for taxes.

Share Ownership Guidelines

The Company maintains ownership guidelines for the Named Executives to encourage the alignment of their interests with the long-term interests of the Company’s shareholders. Each Named Executive is required to maintain a minimum ownership interest in the Company. The guideline ownership level is a number of shares of Common Stock having a value equal to a multiple of the annual base salary for each Named Executive. The Chief Executive’s guideline ownership level is five times salary while the remaining Named Executives’ guideline ownership level is three times salary.

The guidelines also include an expectation that the Named Executives will hold 50% of their net after-tax profit shares after vesting or option exercise if the applicable guideline ownership level has not yet been met. The Named

Executives are limited in their ability to sell shares under long-term incentive awards until their applicable guideline ownership level is reached. Each Named Executive met the ownership guidelines at December 31, 2019. The holdings of the Named Executives are summarized in the table entitled “Security Ownership of Certain Beneficial Owners” below.

Policies Against Hedging and Pledging of Company Stock

Pursuant to the Company's Code of Ethics, in order to avoid the appearance that any Company employee is trading on inside information, Company officers and directors are prohibited from engaging in speculative trading such as short sales or trading in puts, calls, or other options on our stock or the stock of our affiliates, and are likewise prohibited from purchasing or using, directly or indirectly, financial instruments that are designed to hedge or offset any decrease in the market value of our securities.

In addition, the Company's insider trading policy expressly prohibits all directors, officers and employees from purchasing or using, directly or indirectly, financial instruments that are designed to hedge or offset any decrease in the market value of the Company's securities. Pledging the Company's securities as collateral to secure loans is also prohibited.

Deductibility of Executive Compensation

Section 162(m) of the Code imposes a \$1 million annual limit on the amount that a publicly traded company may deduct for compensation paid to the company's principal executive officer during a tax year or to any of the company's three other most highly compensated executive officers who are still employed at the end of the tax year (other than the Company's principal financial officer). Prior to 2018, the limit did not apply to compensation that met the requirements of Section 162(m) of the Code for “qualified performance-based compensation” (i.e., compensation paid only if the executive meets pre-established, objective goals based upon performance criteria approved by the Company's shareholders). The Tax Cuts and Jobs Act of 2017 eliminated the “qualified performance-based compensation” exception to Section 162(m) of the Code and expanded the limitation on deductibility to generally include all named executive officers. The Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Code, and has reserved, and continues to reserve, the right to approve compensation that may not be deductible under Code Section 162(m) in order to ensure competitive levels of total compensation for the Company's executive officers.

Effect of Compensation on Risk

The Compensation Committee believes the Company's compensation policies and practices are designed to create appropriate and meaningful incentives for the Company's employees without encouraging excessive or inappropriate risk taking. Among other factors, the Compensation Committee considered the following:

- The Company's compensation policies and practices are designed to include a significant level of long-term compensation, which discourages short-term risk taking;
- The base salaries and target cash incentive opportunities the Company provides to its employees are generally consistent with salaries paid for comparable positions in the Company's industry, and provide the Company's employees with steady income while reducing the incentive for employees to take risks in pursuit of short-term benefits;
- The Company's cash incentive and performance equity incentive compensation is capped at levels established by the Compensation Committee, consistent with peer data, and at which the Compensation Committee believes reduces the incentive for excessive risk-taking;

- The Company has established internal controls and adopted codes of ethics and business conduct, which are designed to reinforce the balanced compensation objectives established by the Compensation Committee; and
- The Company has adopted equity ownership guidelines for its executive officers, which the Compensation Committee believes discourages excessive risk-taking.
- There is a policy against hedging stock and against pledging stock or using it as collateral.

Based on the review outlined above, the Company has concluded that the risks arising from its compensation policies and practices for its employees are not reasonably likely to have a material adverse effect on the Company.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed the foregoing compensation discussion and analysis and discussed with the Company's management the information set forth herein. Based on such review and discussions with management, the Compensation Committee recommended to the Board that the foregoing compensation discussion and analysis be included in this proxy statement.

- (1) No discretionary annual performance bonuses were awarded to the Named Executives in 2017, 2018 or 2019.
- (2) These columns show the grant date fair value of stock awards granted during the applicable fiscal year as computed under ASC Topic 718 (excluding estimates for forfeitures in case of awards with service-based vesting). With respect to the performance share awards, the grant date fair value is reported based on the probable outcome of the performance conditions as of the grant date. The maximum potential value of the 2019 performance share awards, assuming the highest level of performance achievement, is as follows: Mr. Childs, \$1,560,000 (2017), \$2,040,000 (2018), \$2,640,000 (2019); Mr. Simmons, \$780,000 (2017), \$870,000 (2018), \$930,000 (2019); Mr. Steel, \$720,000 (2017), \$810,000 (2018), \$930,000 (2019); Mr. Thompson, \$540,000 (2017), \$720,000 (2018), \$780,000 (2019); Mr. Vais, \$540,000 (2017); and Mr. Woodward \$297,600 (2019). These amounts do not reflect the extent to which the Named Executive realized or will realize an actual financial benefit from the awards. Assumptions and methodologies used in the calculation of these amounts are included in footnotes to the Company's audited financial statements for the year ended December 31, 2019, which are included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission.
- (3) The amounts in this column reflect the annual performance cash incentive amounts earned in the year indicated based on performance in that year and paid in the subsequent year. As described in the section entitled "Compensation Discussion and Analysis" above, annual performance cash incentives payable to the Named Executives are calculated based upon the financial and operational performance of the Company or its subsidiaries. The threshold, target and maximum amount of each Executive's annual performance cash incentive opportunity for 2019 is reported in the "Grants of Plan-Based Awards for 2019" table below.
- (4) All other compensation for Mr. Childs for 2019 included \$218,047 of employer credits under the SkyWest Deferred Compensation Plan attributable to compensation earned for 2019. The remaining other compensation relates to

- (1) The amounts in these columns reflect the threshold, target and maximum amount of each Named Executive's annual cash incentive opportunity for 2019. As described in the section entitled "Compensation Discussion and Analysis"

above, annual cash incentives payable to the Named Executives are calculated based upon the financial and operational performance of the Company or its subsidiaries.

- (2) Represents the 2019-2021 PSU Awards granted in 2019 which will be eligible to vest based on corporate performance during the three-year performance period ending December 31, 2021. The Compensation Committee determined that the corporate objectives for purposes of such awards would be EBITDA per share, return on invested capital and controllable completion actually attained over the three-year performance period. Until the vesting date, the shares underlying the performance shares are not issued and outstanding. Accordingly, the Named Executive is not entitled to vote or receive dividends on the shares underlying his performance shares unless and until those performance shares vest. For the 2019-2021 PSU Awards, the Compensation Committee established threshold, target and maximum performance levels for each of the three corporate performance objectives, with the actual number of performance shares that will vest to be adjusted in proportion to the extent to which the combined actual results varied from the target levels of performance. The performance shares are allocated 40% to the cumulative three-year EBITDA per share, 40% to the three-year adjusted average return on invested capital and 20% the three-year average controllable completion in determining the actual awarded performance shares payable in our common stock. Specifically, a number of performance shares attributable to each objective according to the weightings assigned by the Compensation Committee will be earned ranging from 50% (for threshold performance) to 100% (for target performance) to 200% (for maximum performance), with performance in between such levels determined by linear interpolation. If performance is below the threshold level for one or more of the objectives, no performance shares will be earned with respect to such objective(s).
- (3) Represents restricted stock unit awards that entitle the Named Executive to receive a designated number of shares of our common stock upon completion of a three-year vesting period, measured from the date of grant, the restricted stock units will be eligible to vest on the third anniversary of the grant date, subject to the Named Executive's continued employment through such date.
- (4) This column shows the grant date fair value of the stock awards granted as computed under ASC Topic 718 (excluding estimates for forfeitures in case of awards with service-based vesting). With respect to the performance share awards, the grant date fair value is reported based on the probable outcome of the performance conditions as of the grant date. These amounts do not reflect the extent to which the Named Executive realized or will realize an actual financial benefit from the awards. Assumptions and methodologies used in the calculation of these amounts are included in footnotes to the Company's audited financial statements for the year ended December 31, 2019 which are included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission.

- (1) All stock option awards have a term of seven years from the date of grant.
- (2) Restricted stock unit awards that entitle the Named Executive to receive a designated number of shares of Common Stock on February 9, 2020, subject to the achievement of a threshold performance objective included in such restricted stock unit awards for Section 162(m) purposes. The threshold performance objective for purposes of the 2017 restricted stock units was the Company's achievement of pre-tax earnings of at least \$54.9 million during 2017, 2018 or 2019. If the threshold goal was not achieved, none of the restricted stock units would have been eligible to vest. In February 2018, the Compensation Committee determined that the Company's 2017 pre-tax earnings of \$288 million satisfied the threshold goal for purposes of the 2017 restricted stock unit awards, and such awards will be eligible to vest based on the third anniversary of the grant date.
- (3) Represents the 2017-2019 PSU Awards granted in 2017 which were eligible to vest based on corporate performance during the three-year performance period ending December 31, 2019. The Compensation Committee determined that the corporate objectives for purposes of such awards would be adjusted pre-tax earnings and average return on invested capital actually attained over the three-year performance period. Until the vesting date, the shares underlying the performance shares are not issued and outstanding. Accordingly, the Named Executive is not entitled to vote or receive dividends on the shares underlying his performance shares unless and until those performance shares vest. For the 2017-2019 PSU Awards, the Compensation Committee established threshold, target and maximum performance levels for each of the two corporate performance objectives, with the actual number of performance shares that will vest to be adjusted in proportion to the extent to which the combined actual results varied from the target levels of performance. The performance shares are allocated 60% to the cumulative three-year adjusted pre-tax earnings objectives and 40% to the three-year average return on invested capital objectives in

determining the actual awarded performance shares payable in Common Stock. Specifically, a number of performance shares attributable to each objective according to the weightings assigned by the Compensation Committee were eligible to be earned ranging from 50% (for threshold performance) to 100% (for target performance) to 200% (for maximum performance), with performance in between such levels determined by linear interpolation. If performance was below the threshold level for one or more of the objectives, no performance shares would have been earned with respect to such objective(s). The actual number of shares of Common Stock issued to our Named Executives following the conclusion of a performance period is based on our performance relative to the corporate performance objectives for that performance period. The Company has reported the number and market value of the performance shares subject to the awards based on “maximum” performance. In February 2020, the Compensation Committee determined that the Company had satisfied the maximum performance level for these awards, and such awards vested at the maximum levels on February 9, 2020. In addition, these awards are reported in the “Number of Shares or Units of Stock” column because, as of December 31, 2019, the applicable performance objectives had been met and the vesting of the awards was subject only to the Compensation Committee’s certification of such results.

- (4) Restricted stock unit awards scheduled to vest on February 7, 2021.
- (5) Represents the 2018-2020 PSU Awards granted in 2018 which will be eligible to vest based on corporate performance during the three-year performance period ending December 31, 2020. The Compensation Committee determined that the corporate objectives for purposes of such awards would be adjusted pre-tax earnings and average return on invested capital actually attained over the three-year performance period. Until the vesting date, the shares underlying the performance shares are not issued and outstanding. Accordingly, the Named Executive is not entitled to vote or receive dividends on the shares underlying his performance shares unless and until those performance shares vest. For the 2018-2020 PSU Awards, the Compensation Committee established threshold, target and maximum performance levels for each of the two corporate performance objectives, with the actual number of performance shares that will vest to be adjusted in proportion to the extent to which the combined actual results varied from the target levels of performance. The performance shares are allocated 60% to the cumulative three-year adjusted pre-tax earnings objectives and 40% to the three-year average return on invested capital objectives in determining the actual awarded performance shares payable in our common stock. Specifically, a number of performance shares attributable to each objective according to the weightings assigned by the Compensation Committee will be earned ranging from 50% (for threshold performance) to 100% (for target performance) to 200% (for maximum performance), with performance in between such levels determined by linear interpolation. If performance is below the threshold level for one or more of the objectives, no performance shares will be earned with respect to such objective(s). The actual number of shares of our common stock issued to our Named Executives following the conclusion of a performance period will be based on our performance relative to the corporate performance objectives for that performance period. The Company has reported the number and market value of the performance shares subject to the awards based on “target” performance.
- (6) Restricted stock unit awards scheduled to vest on February 5, 2022.
- (7) Represents the 2019-2021 PSU Awards granted in 2019 which will be eligible to vest based on corporate performance during the three-year performance period ending December 31, 2021. The Compensation Committee determined that the corporate objectives for purposes of such awards would be EBITDA per share, return on invested capital and controllable completion actually attained over the three-year performance period. Until the vesting date, the shares underlying the performance shares are not issued and outstanding. Accordingly, the Named Executive is not entitled to vote or receive dividends on the shares underlying his performance shares unless and until those performance shares vest. For the 2019-2021 PSU Awards, the Compensation Committee established threshold, target and maximum performance levels for each of the two corporate performance objectives, with the actual number of performance shares that will vest to be adjusted in proportion to the extent to which the combined actual results varied from the target levels of performance. The performance shares are allocated 40% to the cumulative three-year EBITDA per share, 40% to the three-year adjusted average return on invested capital and 20%

the three-year average controllable completion in determining the actual awarded performance shares payable in our common stock. Specifically, a number of performance shares attributable to each objective according to the weightings assigned by the Compensation Committee will be earned ranging from 50% (for threshold performance) to 100% (for target performance) to 200% (for maximum performance), with performance in between such levels determined by linear interpolation. If performance is below the threshold level for one or more of the objectives, no performance shares will be earned with respect to such objective(s). The Company has reported the number and market value of the performance shares subject to the awards based on “target” performance.

Non-Qualified Deferred Compensation for 2019

Pursuant to the SkyWest Deferred Compensation Plan and the ExpressJet Deferred Compensation Plan, covered Named Executives may elect prior to the beginning of each calendar year to defer the receipt of base salary and annual performance cash incentives earned for the ensuing calendar year. Amounts deferred are credited to an unfunded liability account maintained by the Company on behalf of the applicable Named Executive, which account is deemed invested in and earns a rate of return based upon certain notational, self-directed investment options offered under the applicable plan.

Each Named Executive’s account under the SkyWest Deferred Compensation Plan and ExpressJet Deferred Compensation Plan, as applicable, is also credited with a discretionary employer contribution monthly, whether or not the Named Executive contributes. For 2019 that discretionary employer contribution was 15% of the Named Executive’s salary and annual cash incentive. Participant account balances under the SkyWest and ExpressJet Deferred Compensation Plans are fully vested and will be paid by the Company to each Named Executive upon retirement or separation from employment, or on other specified dates, in a lump sum form or in installments according to a schedule elected in advance by the Named Executive.

The following table provides information regarding the SkyWest Deferred Compensation Plan for Messrs. Childs, Simmons, Steel, Thompson and Woodward for the year ended December 31, 2019:

- (2) The amounts in this column reflect the amounts of employer contributions credited under the applicable deferred compensation plan for 2019 at the rate of 15% of each Executive's 2019 base salary and annual cash incentive which was paid in 2019. The amounts reported in this column are also included in the amounts reported in the "Other Compensation" column of the Summary Compensation Table appearing above.
- (3) The amounts in this column reflect the notational earnings during 2019 credited to each Executive's account under the SkyWest Deferred Compensation Plan. These amounts are not reported in the Summary Compensation Table because they are based on market rates determined by reference to mutual funds that are available to participants in the SkyWest 401(k) Plan or otherwise broadly available.
- (4) All Named Executive and Company contributions in prior years to the SkyWest Deferred Compensation Plan have been reported in the Summary Compensation Tables in the company's previously filed proxy statements, to the extent that an executive was a named executive officer in that fiscal year. These amounts are as follows: Mr. Childs, \$218,047 (2019), \$211,109 (2018) and \$183,402 (2017); Mr. Simmons, \$152,036 (2019), \$146,521 (2018) and \$142,346 (2017); Mr. Steel, \$122,455 (2019), \$122,190 (2018) and \$110,411 (2017); Mr. Thompson, \$95,575 (2019), \$95,785 (2018), and \$82,134 (2017); and Mr. Woodward, \$67,664 (2019).

At the election of the executive, deferred amounts are invested in a selection of third party investment funds and each executive receives the rates of return under those funds on such deferred amounts.

The following table provides information regarding the ExpressJet Deferred Compensation Plan for Mr. Vais for 2019. During 2019, Mr. Vais separated from the Company and received the compensation related to his Deferred Compensation account which was valued at \$733,463 at the time the balance was distributed to Mr. Vais in accordance with the ExpressJet Deferred Compensation Plan.

Name	Executive Contributions in Last Year (\$)	Registrant Contributions in Last Year (\$)(1)	Aggregate Earnings in Last Year (\$)(2)	Aggregate Withdrawals/ Distributions in Last Year (\$)(3)	Aggregate Balance at Last Year End (\$)
Terry M. Vais	—	\$ 4,751	\$ 137,120	\$ (733,463)	\$ —

- (1) The amount in this column reflects the employer contributions credited under the applicable deferred compensation plan for 2019 at the rate of 15% of Mr. Vais's 2019 base salary. The amount reported in this column is also included in the amount reported in the "Other Compensation" column of the Summary Compensation Table appearing above.
- (2) The amounts in this column reflect the notational earnings during 2019 credited to Mr. Vais's account under the ExpressJet Deferred Compensation Plan. This amount is not reported in the Summary Compensation Table because it is based on market rates determined by reference to mutual funds that are available to participants in the ExpressJet 401(k) Plan or, in certain cases, otherwise broadly available.
- (3) All Named Executive and Company contributions in prior years to the ExpressJet Deferred Compensation Plan have been reported in the Summary Compensation Tables in the company's previously filed proxy statements, to the extent that Mr. Vais was a named executive officer in that fiscal year. These amounts are as follows: \$4,751 (2019), \$70,581 (2018) and \$92,248 (2017).

At the election of the executive, deferred amounts are invested in a selection of third party investment funds and each executive receives the rates of return under those funds on such deferred amounts.

Potential Payments upon Termination or Change in Control

The information below describes and quantifies certain payments or benefits that would be payable under the existing plans and programs of the Company and its subsidiaries if a Named Executive's employment had terminated on December 31, 2019, or the Company had undergone a change in control on December 31, 2019. These benefits are in addition to benefits generally available to all salaried employees of the Company in connection with a termination of employment, such as distributions from the 401(k) plan and accrued vacation pay. Except as noted below, the Named Executives do not have any other severance benefits, severance agreements or change-in-control agreements.

Accelerated Vesting of Long-Term Incentive Awards.

With respect to long-term incentive awards granted to the Named Executives, such awards will vest on an accelerated basis under certain circumstances, but there is no single trigger accelerated vesting of such awards upon a change in control. Specifically, restricted stock unit awards granted to the Named Executives will vest on an accelerated basis (i) in the event of the Named Executive's involuntary termination without cause or resignation for good reason, or (ii) in the event of the Named Executive's death. Performance share awards granted to the Named Executives will vest on an accelerated basis (i) in the event of the Named Executive's death prior to a change in control, as to the "target" number of performance shares subject to the award on the date of death and as to any incremental performance shares above "target" based on the Company's actual performance relative to the corporate performance objectives under such award at the end of the three-year performance period (or, if earlier, a change in control of the Company), (ii) in the event of the Named Executive's death following a change in control, any "vesting eligible shares" (as described below) will vest upon the date of death, (iii) in the event of the Named Executive's involuntary termination without cause or resignation for good reason, in each case prior to a change in control, the Named Executive will remain eligible to vest in such number of performance shares as ultimately vest based on the Company's actual performance relative to the corporate performance objectives under such award at the end of the three-year performance period (or, if earlier, a change in control of the Company), which vesting will be prorated for the portion of the performance period that has elapsed prior to the date of termination, or (iv) in the event of the Named Executive's involuntary termination without cause or resignation for good reason, in each case following a change in control, any vesting eligible shares will vest upon the date of such termination. For purposes of the performance shares, in the event of a change in control of the Company, the performance shares will be converted into a number of "vesting eligible shares" that will vest at the end of the three-year performance period based on the greater of (i) the "target" number of performance shares subject to the award, or (ii) the number of performance shares that would vest if performance had been measured against the corporate performance objectives as of the date of the change in control.

The following table shows for each Named Executive the intrinsic value of his unvested restricted stock units and performance shares, as of December 31, 2019, the vesting or settlement of which would have been accelerated had a change in control of the Company occurred on that date and/or a termination under one of the circumstances identified below had occurred on that date, calculated in the case of restricted stock units and performance shares, by multiplying the number of underlying shares by the closing price of the Common Stock on December 31, 2019, the last trading day of 2019 (\$64.63 per share). Mr. Vais is not included in the table, as his employment terminated in February 2019, but his actual separation arrangements are discussed below.

- 1) Reflects the value of the performance shares granted in 2018 and 2019 at "target" performance levels. The value under the "Change in Control" column includes only the 2017 performance shares, which are reflected at "maximum" performance levels based on the performance relative to the performance objectives for the performance period that ended on December 31, 2019 under such awards, since, as of December 31, 2019, the applicable performance objectives had been met and the vesting of the awards was subject only to the Compensation Committee's certification of such results (but the settlement of such awards would have been accelerated to the date of the change in control occurring on December 31, 2019). While these 2017 performance shares were no longer subject to performance or service conditions at December 31, 2019, they are included in this table as the settlement of such performance shares would have accelerated (as compared to the regular settlement date in February 2020 upon Compensation Committee certification of final performance results) upon the occurrence of a change in control. The value of the 2017 performance shares are reflected in the other two columns, but no acceleration of the settlement of such awards would occur under a termination under those circumstances (and such awards would vest in February 2020 upon Compensation Committee certification of final performance results), other than in the case of death, in which case the "target" awards would have been subject to immediate settlement.

Deferred Compensation. If the employment of a Named Executive were terminated on December 31, 2019, the Named Executive would have become entitled to receive the balance in his account under the applicable deferred compensation plan. Distribution would be made in the form of a lump sum or in installments, and in accordance with the distributions schedule elected by the Named Executive under the applicable plan. The 2019 year-end account balances under those plans are shown in the applicable Non-Qualified Deferred Compensation Tables included herein. A Named Executive's account balance would continue to be credited with notational investment earnings or losses through the date of actual distribution.

Separation Arrangements with Mr. Vais. In connection with the completion of the sale of ExpressJet, as of January 22, 2019, Terry M. Vais ceased serving as the Chief Operating Officer of ExpressJet and transitioned into a non-executive operations role with us. Effective February 12, 2019, Mr. Vais separated from the Company. In connection with his separation from the Company, Mr. Vais is eligible to receive the following benefits pursuant to a severance and release agreement with us, in exchange for his execution of a general release of claims and his compliance with certain restrictive covenants for a period of three years following his separation from the Company, including a noncompetition covenant: (1) \$2.4 million, payable in equal installments over a 24 month period following his date of separation from the Company, consisting of two years' base salary and cash payout of his 2017 and 2018 restricted stock units and performance shares; and (2) paid health insurance coverage for 24 months or until his subsequent approved re-employment.

Pay Ratio Disclosure

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information regarding the relationship of the annual total compensation of our employees and the annual total compensation of Russell A. Childs, the Chief Executive. The pay ratio included in this information is a reasonable estimate calculated in a manner that is intended to be consistent with Item 402(u) of Regulation S-K.

For 2019, our last completed fiscal year:

- the median of the annual total compensation of all employees of the Company (other than the CEO) was \$39,000; and
- the annual total compensation of the CEO, as reported in the Summary Compensation Table included elsewhere in this Proxy Statement, was \$3,611,011.

Based on this information, for 2019, the ratio of the median of the total compensation of all employees of the Company to the annual total compensation of Mr. Childs, the CEO, was 1 to 93.

Determining the Median Employee. Due to the disposition of ExpressJet during 2019, pursuant to SEC rules, the Company identified a new median employee for 2019. The Company determined that, as of December 31, 2019, the employee population consisted of approximately 14,600 individuals. The employee workforce consists of full and part time employees. For purposes of measuring the compensation of the employees, the Company selected total annual cash compensation for 2019 as the most appropriate measure of compensation, which was consistently applied to all the employees included in the calculation. With respect to the total annual compensation of the "median employee," the Company identified and calculated the elements of such employee's compensation for 2019 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in the annual total compensation reflected above.

DIRECTOR COMPENSATION

The Company uses a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve as directors. In setting director compensation, the Company considers the significant amount of time that directors expend in fulfilling their duties to the Company, as well as the skill level required by the Company of its directors.

Cash Compensation Paid to Directors

For the year ended December 31, 2019, all directors who were not employees of the Company received an annual cash retainer of \$100,000. The Chair of the Audit Committee was paid an annual fee of \$20,000, the Chair of the Compensation Committee was paid an annual fee of \$15,000, the Chair of Nominating and Corporate Governance Committee was paid an annual fee of \$10,000, the Chair of the Safety and Compliance Committee was paid an annual fee of \$10,000 and the Lead Independent Director was paid an annual fee of \$20,000. The members of the Audit Committee were paid an annual fee of \$4,000. The Board Chair was paid an annual fee of \$200,000. Russell A. Childs, who is a director and an employee of the Company, received no compensation for his service on the Board.

Stock Awards

Each non-employee director receives a stock award annually, the value of which is determined annually by the Board. On February 5, 2019, each of the non-employee directors received an award of 2,064 vested shares of Common Stock, representing approximately \$100,000 of value based on the trailing 20-day average stock price as of the date of award. The Company did not grant stock options to its non-employee directors in 2019.

Share Ownership Guidelines

The Company maintains ownership guidelines for the directors to encourage the alignment of their interests with the long-term interests of the Company's shareholders. Each director is required to maintain a minimum ownership interest in the Company. The guideline ownership level is a number of shares of Common Stock having a value equal to at least five times the cash component of the annual base compensation for each director. Each director met the ownership guidelines at December 31, 2019. The holdings of the directors are summarized in the table entitled "Security Ownership of Certain Beneficial Owners" below.

Policies Against Hedging and Pledging of Company Stock

Pursuant to the Company's Code of Ethics, in order to avoid the appearance that any Company employee is trading on inside information, Company officers and directors are prohibited from engaging in speculative trading such as short sales or trading in puts, calls, or other options on our stock or the stock of our affiliates, and are likewise prohibited from purchasing or using, directly or indirectly, financial instruments that are designed to hedge or offset any decrease in the market value of our securities.

In addition, the Company's insider trading policy expressly prohibits all directors, officers and employees from purchasing or using, directly or indirectly, financial instruments that are designed to hedge or offset any decrease in the market value of the Company's securities. Pledging the Company's securities as collateral to secure loans is also prohibited.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Transaction with Related Party

During the year ended December 31, 2019, the Company purchased \$93,540 of spare aircraft parts from NORDAM, an entity affiliated with Meredith S. Madden, a director of the Company.

On June 13, 2019, the Company repurchased 268,025 shares of its common stock from Jerry Atkin, Board Chair, at a price of \$60.24 per share, representing the volume-weighted average price of the Company's common stock over the five trading days immediately prior to such repurchase. The transaction was part of Mr. Atkin's personal long-term strategy for asset diversification, tax and estate planning and to fund philanthropic and charitable efforts. The transaction was approved by the Company's Audit Committee and was effected pursuant to the Company's previously announced stock repurchase plan.

Review and Approval of Transactions with Related Parties

The Company believes that transactions between the Company and its directors and executive officers, or between the Company and persons related to directors and executive officers of the Company, present a heightened risk of creating or appearing to create a conflict of interest. Accordingly, the Company has adopted a policy regarding related-party transactions that has been approved by the Board and incorporated into the Charter of the Audit Committee. The policy provides that the Audit Committee will review all transactions between the Company and related persons (as defined in Item 404 of Regulation S-K promulgated by the Securities and Exchange Commission) for potential conflicts of interest. Under the Company's policy, all transactions between the Company and related persons are required to be submitted to the Audit Committee for approval prior to the Company's entry or participation in such transactions.

PROPOSAL 2
ADVISORY VOTE ON NAMED EXECUTIVE COMPENSATION

Background

Section 14A of the Exchange Act, which was enacted pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, requires that the Company provide its shareholders with the opportunity to vote on an advisory (non-binding) resolution to approve the compensation of the Named Executives (referred to as a “Say-on-Pay” proposal) as disclosed in this Proxy Statement.

Accordingly, the following resolution will be submitted to the Company’s shareholders for approval at the Meeting:

“RESOLVED, that the Company’s shareholders approve, on an advisory basis, the compensation of the Named Executives, as disclosed in the Company’s Proxy Statement for the 2020 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2019 Executive Compensation table and the other related tables and disclosure.”

As described in detail under the heading “Compensation Discussion and Analysis,” the Board believes the Company’s compensation of the Named Executives achieves the primary goals of (i) attracting and retaining experienced, well-qualified executives capable of implementing the Company’s strategic and operational objectives, (ii) aligning management compensation with the creation of shareholder value on an annual and long-term basis, and (iii) linking a substantial portion of the Named Executives’ compensation with long-term Company performance and the achievement of pre-determined goals, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking. The Board encourages you to review in detail the Compensation Discussion and Analysis beginning on page 22 of this Proxy Statement and the executive compensation tables beginning on page 36 of this Proxy Statement. In light of the information set forth in such sections of this Proxy Statement, the Board believes the compensation of the Named Executives for the fiscal year ended December 31, 2019 was fair and reasonable and that the Company’s compensation programs and practices are in the best interests of the Company and its shareholders.

The vote on this Say-on-Pay resolution is not intended to address any specific element of compensation; rather, the vote relates to all aspects of the compensation of the Named Executives, as described in this Proxy Statement. While this vote is only advisory in nature, which means that the vote is not binding on the Company, the Board and the Compensation Committee (which is composed solely of independent directors), value the opinion of the Company’s shareholders and will consider the outcome of the vote when addressing future compensation arrangements.

Voting

Approval of the resolution above (on a non-binding, advisory basis) requires that the number of votes cast at the Meeting, in person or by proxy, in favor of the resolution exceeds the number of votes cast in opposition to the resolution.

The Board and the Compensation Committee Recommend that Shareholders Vote *FOR* Approval of the Compensation of the Named Executives, as disclosed in this Proxy Statement.

PROPOSAL 3
RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Following an evaluation by the Audit Committee and by the Company's management of the performance of Ernst & Young LLP during the prior fiscal year, the Audit Committee has recommended and approved the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm to examine the consolidated financial statements of the Company for the year ending December 31, 2020. The Company is seeking shareholder ratification of such action.

It is expected that representatives of Ernst & Young LLP will attend the Meeting, will have an opportunity to make a statement if they desire and will be available to respond to appropriate questions.

The Board and the Audit Committee Recommend that Shareholders Vote *FOR* the Ratification of Appointment of Ernst & Young LLP as the Company's Independent Registered Public Accounting Firm for the year ending December 31, 2020.

- (2) Tax Fees consist of fees and related expenses for research compiled relating to the Tax Cuts and Jobs Act.

The Audit Committee has concluded that EY’s delivery of non-audit services is compatible with EY’s independence.

Pre-Approval Policies and Procedures

The Audit Committee charter provides that the Audit Committee shall pre-approve all external audit services, internal control-related services and permissible non-audit services (including the fees and terms thereof), subject to certain specified exceptions. The Audit Committee has also adopted a policy regarding the retention of the independent registered public accounting firm that requires pre-approval of all of its services by the Audit Committee or the Chair of the Audit Committee. When services are pre-approved by the Chair of the Audit Committee, notice of such approval is given to the other members of the Audit Committee and presented to the full Audit Committee for ratification at its next scheduled meeting. The Audit Committee considers whether the provision of each non-audit service is compatible with maintaining the independence of the auditors. All of the services listed above were pre-approved by the Audit Committee in accordance with this policy.

REPORT OF THE AUDIT COMMITTEE

Management of the Company has primary responsibility for the Company's financial statements and internal control over the Company's financial reporting. EY, the Company's independent registered public accounting firm, has responsibility for the integrated audit of the Company's financial statements and internal control over financial reporting. It is the responsibility of the Audit Committee to oversee financial and control matters, among other responsibilities fulfilled by the Audit Committee under its charter. The Audit Committee meets regularly with representatives of EY and Protiviti, Inc. ("*Protiviti*"), the Company's principal internal auditor, without the presence of management, to ensure candid and constructive discussions about the Company's compliance with accounting standards and best practices among public companies comparable in size and scope to the Company.

At its meetings during the year ended December 31, 2019, the Audit Committee reviewed and discussed the following topics, among other matters: financial performance; financial reporting practices; quarterly and annual reports, including Management's Discussion and Analysis of Financial Condition and Results of Operations; cybersecurity matters and risks and information technology controls; enterprise risk management and risk assessment; legal and regulatory issues; accounting and financial management issues; critical accounting policies and critical audit matters; accounting standards; airline industry matters; and a summary of calls received on the Company's anonymous whistleblower hotline. The Audit Committee held separate executive sessions regularly with representatives of EY, Protiviti and the Company's legal counsel, during which the following topics, among other matters, were discussed: financial management, accounting, internal controls, finance and accounting staffing, legal matters and compliance issues. The Audit Committee also regularly reviewed with its outside advisors material developments in the law and accounting literature that could be pertinent to the Company's financial reporting practices.

In addition, the Audit Committee reviewed management's report on internal control over financial reporting, required under Section 404 of the Sarbanes Oxley Act of 2002 and related rules. As part of this review, the Audit Committee reviewed the bases for management's conclusions in that report, and also reviewed the report of the independent registered public accounting firm on internal control over financial reporting. Throughout the year ended December 31, 2019, the Audit Committee reviewed management's plan for documenting and testing controls, the results of their documentation and testing, any deficiencies discovered and the resulting remediation of any such deficiencies.

In connection with the financial statements for the year ended December 31, 2019, the Audit Committee has:

- (1) reviewed and discussed the audited financial statements with management;
- (2) discussed with EY, the Company's independent registered public accounting firm, the matters required to be discussed by applicable standards of the Public Company Accounting Oversight Board ("*PCAOB*") and the Securities and Exchange Commission; and
- (3) received the written disclosures and letter from EY regarding the auditors' independence required by applicable requirements of the PCAOB regarding EY's communications with the Audit Committee concerning independence, and has discussed with EY its independence.

Based upon these reviews and discussions, the Audit Committee recommended to the Board at the February 4, 2020 meeting of the Board that the Company's audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2019, filed with the Securities and Exchange Commission. Reconciliation of non-GAAP financial measures

The non-GAAP information presented in this proxy statement should not be considered in isolation or as a substitute for any measure derived in accordance with GAAP.
